March 4, 2011

Dear Mr. Norris

On behalf of NewPage Corporation, we would like to thank you for your participation and involvement in the Certified Master Logger Program. Your efforts help supply certified produced wood requested by Wickliffe paper mill customers. The CMLP is administered by the University of Kentucky and is 3<sup>rd</sup> party certified by Rainforest Alliances' SmartWood SmartLogging Program (*SWSL-003285*).

The CMLP achieved a high degree of professional timber harvesting recognition due in part to your excellent safety record and high degree of professionalism as shown through our annual surveillance audits conducted on your harvesting operations. Working with logging enterprises such as yours, and viewing your professional operations helps to ensure the CMLP operates at, and demands a high degree of professional participation.

Your operation provides an excellent example of a highly trained and professional operation, and you represent the forest industry in the State of Tennessee very well.

Sincerely,

A handwritten signature in black ink that reads 'Ken'.

Ken Negray  
Certification Manager  
NewPage Corp.
