Dear Mr. Norris:

Thank you for making the recent harvesting of timber on my property a pleasurable experience. From the beginning, you were very patient in explaining your marketing process in order to receive the highest possible prices for my timber. I also appreciate your willingness to walk over my property multiple times to view my timber.

I have been involved with timber harvesting before on this property, and I was somewhat skeptical about how my property might look afterwards. As a retired environmental regulator, I can honestly say I was impressed by the quality of cleanup work and professionalism of the operation as a whole. Your harvesting and marketing of timber as well as your attention to detail in the clean-up process far exceeded my expectations. I would definitely do business with you again.

Sincerely,
